Heating Instruction
Quick start guide

Enjoy comforting warmth in just a few simple steps.

Get started

1. **Locate the battery pocket**
   Find the power bank pocket, usually located on the right-hand side of the product.

2. **Connect the power bank**
   Connect the power bank to the product's USB-C cable. Place the power bank inside the pocket and close the zipper.

3. **Turn on the heating**
   Press and hold the power button for 3 seconds. The three indicator colours will briefly appear. The button will then remain red as the product starts heating.

4. **Enjoy the warmth**
   Allow approximately 5 minutes to warm up. The heat is most noticeable when the heated area is in contact with your body.

5. **Turn off the heating**
   Press and hold the power button again for 3 seconds.

Heat Settings

RED	Up to 49°C | Up to 3 hours
GREEN	Up to 44°C | Up to 5 hours
BLUE	Up to 38°C | Up to 7 hours

Temperatures and operating times may vary depending on the product and power bank.

Washing instructions

1. Disconnect and remove the power bank.
2. Replace the protective cap on the USB-C connector.
3. Secure the cable and close the battery pocket.
4. Use a laundry bag and wash at a maximum of 30°C, if permitted by the care label.
5. Air dry only. Do not tumble dry.

Battery care

Recharge the power bank periodically during long-term storage, following the manufacturer's instructions.

Never use a damaged or defective power bank.

Carry loose power banks in your hand luggage, in accordance with airline regulations.

Dispose of used batteries at an authorised recycling point.
